## SUMMARY

- Results-driven and detail-oriented Full Stack Developer with a strong foundation in the MERN stack, Flask, and Django. Proven ability to deliver innovative solutions in fast-paced environments, complemented by hands-on experience in AI and machine learning projects. Demonstrated success in developing user-centric applications, optimizing performance, and enhancing user experience. Adept at collaborating with cross-functional teams and applying DevOps practices to streamline development and deployment processes. Continuously improving skills through hackathons and coding competitions, committed to leveraging technology to solve real-world problems and drive organizational success.

## EDUCATION

**Parul Institute of Technology**

*BTech (CSE) - 8.71 CGPA -*

**09 2022 – 05 2026**

*Vadodara, Gujarat*

## COURSEWORK / SKILLS

- |  |                    |                   |                     |
|--|--------------------|-------------------|---------------------|
| • Full Stack Development (MERN, Flask, Django) | • Redis            | • Golang          | • Linux             |
| • Python                                       | • Machine Learning | • Kotlin          | • System Design     |
| • SQL  | • C                | • Javascript      | • Competitive Coder |
|  | • C                | • Docker          | • DevOps            |
|  | • Java             | • Microsoft Azure |                     |

## PROJECTS

**AI Healthcare Optimization** 🔗 | Python, Flask, AI Models

**07/2024 – 08/2024**

- Implemented a comprehensive AI chatbot within the healthcare platform, streamlining patient inquiries and increasing user engagement by 30%, utilized by over 100 patients.
- Expanded a remote patient monitoring feature, providing real-time health data analysis that improved clinician response times by 25% and enhanced patient care continuity for 100+ individuals.

**Social Media Management Platform** 🔗 | MongoDB, Express, React, Node.js

**02/2024 – 03/2024**

- Created a secure social media management platform with user authentication, supporting 500+ users and reducing unauthorized access incidents by 40%.
- Designed a user-friendly dashboard, enabling 3,000+ posts to be shared, leading to a 20% increase in user interactions over 3 months.
- [Live site here](#)

**Job Seeker Platform** 🔗 | MERN Stack

**06 2024**

- Enhanced a job seeker platform where administrators can post job opportunities, resulting in a 15% increase in successful job placements within the first quarter.
- Applied authentication for admin and job seekers, with application status tracking and email notifications, reducing application processing times by 30%.
- [Live site here](#)

**Cryptographic Algorithm Identifier** 🔗 | Python, Flask, Cryptography Library

**06 2024**

- Built a tool that identifies cryptographic algorithms by analyzing datasets using AI/ML models, achieving an accuracy rate of 85% in classification.
- Enforced encryption and decryption functionality with automatic key management, reducing error rates by 50%.
- [Download](#)

**Indian Sign Language to Text and Speech** 🔗 | Machine Learning, Flask

**08 2024**

- Improved a solution to translate Indian Sign Language into text and speech in real-time using a trained ML model, achieving a recognition accuracy of 90%.
- Integrated live video tracking to recognize ISL gestures, converting them into multiple Indian languages for accessibility, benefitting over 100 users.

INTERNSHIP

<b>SAP</b>  <i>SAP Trainee</i>	<b>Oct 2024 – Present</b> <i>Remote</i>
<ul style="list-style-type: none"><li>Enrolled in the SAP Educate to Employ Scholarship Program, focusing on acquiring technical SAP skills and critical professional competencies. Training includes ERP, collaboration tools (Microsoft Teams), emotional intelligence, and ICT for sustainable development.</li></ul>	
<b>Prodigy InfoTech</b>  <i>Full Stack Intern</i>	<b>Jul 2024 – Aug 2024</b> <i>Remote, India</i>
<ul style="list-style-type: none"><li>Worked on web development projects using HTML, CSS, and JavaScript, contributing to both frontend and backend components.</li></ul>	
<b>Intel Unnati Industrial Training Program</b>  <i>Trainee</i>	<b>May 2024 – Jul 2024</b> <i>Remote, India</i>
<ul style="list-style-type: none"><li>Completed a 3-month apprenticeship program with training in Python, Data Analysis, and Machine Learning.</li></ul>	
<b>Bharat Intern</b>  <i>Project Intern</i>	<b>Dec 2023 – Feb 2024</b> <i>Remote, India</i>
<ul style="list-style-type: none"><li>Developed full-stack web applications, working on both frontend and backend technologies.</li></ul>	

EXTRACURRICULAR

<b>Hackathons and Coding Competitions</b> <i>Participant</i>	<b>Ongoing</b> <i>Various Locations / Online</i>
<ul style="list-style-type: none"><li>Actively participated in numerous hackathons, demonstrating innovative problem-solving skills and teamwork under time constraints.</li><li>Competed in various coding competitions, showcasing proficiency in algorithms, data structures, and competitive programming.</li><li>Received participation certificates for events and earned recognition for outstanding performance.</li></ul>	

CERTIFICATIONS

<ul style="list-style-type: none"><li>AWS Certified Cloud Practitioner - AWS</li><li>SQL - LearnTube.ai</li><li>Develop Generative AI Solutions - Microsoft</li><li>Android App Development - Internshala</li><li>Development - Udemy</li></ul>	<ul style="list-style-type: none"><li>Microsoft Certified: Azure Fundamentals - Microsoft</li><li>Intel Unnati Industrial Training - Intel</li><li>Introduction to Cybersecurity - Cisco</li></ul>	<ul style="list-style-type: none"><li>Full Stack Web</li></ul>
